

Technical specifications

TOP AND SIDES

Made of honeycomb core with external wood particle panels thickness 58mm, E1 class antiscratch and anti-reflective melamine-faced with perimeter edges in 1mm thick ABS.

The terminal part of the top and the side are edged and joined by processing at 45° with relative junction. The side and the first portion of the top have wood grain in contrast with the longitudinal element of the top. The side is equipped with a metal finish plinth H.18mm with leveling feet.

Top and side available in 2 melamine wood finishes and 10 scratch-resistant matt lacquered finishes with polyurethane paints.

DESK BASE

Made of honeycomb core with external wood particle panels thickness 58mm, E1 class antiscratch and anti-reflective melamine-faced with perimeter edges in 1mm thick ABS.

The front and side parts are edged and joined by processing at 45° with relative junction. Both the front and side base are equipped with a metal finish plinth H.18mm with leveling feet.

Available in 2 solid color melamine finishes.

GLASS SPACER ELEMENT

Made of 10mm thick tempered glass with polished edge perimeter. Glass prepared for interlocking on the desk base in melamine. Equipped with aluminum clamps that allow it to be fixed to the lower part of the top.

Made in two finishes: extra-clear transparent or smoked (European Grey).

SERVICE UNIT

Made up of top, base, side panels, internal partitions with central 2 drawer pedestal unit and 2 sliding doors.

Made with 18mm thick particle board panels in 2 versions:

- Melamine E1 class scratch-resistant and antireflective on two sides, with perimeter edges in 1mm thick ABS available in the two melamine wood essences;

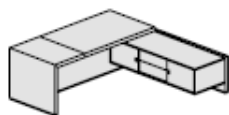

- Scratch-resistant matt lacquer with polyurethane paints available in the 10 colors of the collection.

The internal drawers are made with sides covered in black PVC and bottom in 3mm thick MDF.

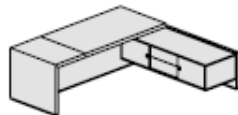

Opening system with sliding on retractable square guides, with Push & Pull mechanism. The drawer fronts are available in 4 melamine finishes. Sliding doors on aluminum track with recessed handle. Support base with leveling feet in Black Jazz finish. The service unit is equipped with an internal service compartment, positioned behind the 2 sliding doors, to host the vertical cable management and / or cable outlets.
