Technical specifications

END AND CENTRAL UPRIGHT

Made from a 20x20mm square-section tubular sheet steel in a pickled epoxy-powder coated finish. Available in 2 different colours. The bottom part has been fitted with levelling feet in ABS. The vertical parts have visible threaded holes which serve to attach the concealed shelf brackets and structured back panels. The concealed shelf brackets come in galvanised metal and boast a design that allows for rapid shelf attachment.

SHELVES

Made with 25mm thick particle board panels in 2 versions:

- E1 class scratch-resistant and anti-reflective melamine on two sides, with 1mm thick ABS perimeter edges;
- micro-structured matt lacquered with polyurethane paints. Designed with a special slot for the concealed shelf bracket required to attach them to the vertical uprights. Available in 2 finishes of the melamine and in all finishes of the lacquered collection.

BACK PANELS

Made with 18mm thick particle board panels in 2 versions:

- E1 class scratch-resistant and anti-reflective melamine on two sides, with 1mm thick ABS perimeter edges;
- micro-structured matt lacquered with polyurethane paints.

Available in all finishes of the melamine and lacquered collection.

FLOWER BOXES

Made of 18-mm wood-particle board in 2 versions:

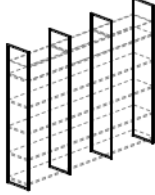

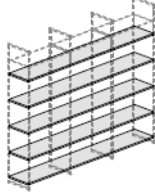

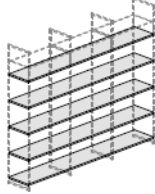

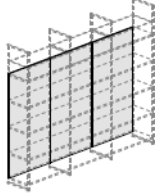

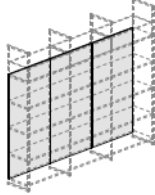

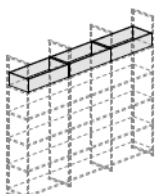

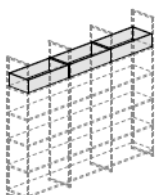

- class-E1 melamine-faced on either side with a scratchproof antireflective surface with outer edges in 1mm ABS;
- micro-structured matt lacquered with polyurethane paints.

Available in 3 different melamine finishes as well as all the finishes from the lacquered collection. Suitable for containing decorative real and artificial plants. The tray is made from 1mm sheet metal with a epoxy-powder-coating in a black finish. The tray is meant to "catch drops", but it is not a plant saucer. Max capacity for single element 15Kg.
