## Lacquered and no-print lacquered glass top

### Technical specifications

#### TOP IN SHINY BACK-LACQUERED GLASS

Crafted from 10-mm tempered glass with a shiny polished edge bevelled on the upper corner. The upper side of the top is shiny whereas the underside is cold painted. The tabletop is attached to the structure with suction pads and a non-slip double-sided-adhesive support. Available in 10 different shades.

#### TOP IN BACK-LACQUERED NO-PRINT GLASS

Crafted from 10-mm tempered glass with a shiny polished edge bevelled on the upper corner. The upper side of the tabletop has undergone a NO-PRINT acid-etching treatment for an antifingerprint effect, while the underside has been cold painted. It is attached to the structure with suction pads and a non-slip double-sided-adhesive support. Available in 10 different shades.

The NO-PRINT technique involves a special acidetching process on the glass surface to make it resistant to fingerprints and warm to the touch. The tabletop has an elegant matt appearance which will lend itself to a variety of settings.

#### LEGS AND JOINTS

Legs made from extruded trapezium-section aluminium measuring 54x35mm with a thickness of 3mm and a chromed levelling foot. Joint connecting to the beams made from a die-cast aluminium alloy. The leg and joint are available in 4 different finishes: 3 textured epoxy-powder-coated finishes and 1 shiny chromed finish.

#### BEAMS

Beams made from square-section 40x40-mm extruded aluminium with a thickness of 2mm. Available in 4 different finishes: 3 textured epoxy-powder-coated finishes and 1 shiny chromed finish.

#### CENTRAL LEG FOR MEETING TABLE

Internal structure made of 80x40 mm rectangular section tubular in 1.5mm thick pickled steel sheet painted with epoxy powders in the Alluminio Goffrato finish. Covered by 2 electrification covers in 1.2 mm thick folded sheet metal, complete with removable chrome-plated cable gland slots.

Supplied with leveling feet that allow microadjustment in height of + 10 mm.

Available in 4 finishes: 3 embossed epoxy powder painted and 1 polished chrome effect painted finish.
